Alan Dix
<http://www.hcibook.com/alan/>

my position

PIM is here
live with it sucker

?

alan is a socio-cyborg

- virtual cracker list
- bigger than normal human social limits
socially interdependent with computer :-?
- technical challenges
 - organisation, personal ontologies
- social and legal challenges
 - freedom of information, data protection, privacy

the Dix number

- life recording 24/7 AV – too much data?
 - ISDN std. 10 Kbytes/sec, 30 million sec/year
increases linearly ... but Moore's law ...
max at 2 years – now 1 hard disk
 - baby born now ???
- technical challenges
 - indexing, interfaces – M4L, slowtime, VR memories
- human and social challenges
 - no forgetting, who has access, no deceit

EQUATOR
